

8th International Self-Determination Theory Conference
Poster Presentation Schedule

Wednesday, May 31, 2023

Session 1 12:30 – 2:15 PM

BOARD#	TOPIC AREA	PRESENTER NAME	TITLE
1	Basic Psychological Needs	Alice Levasseur	Trust and distrust: Their role in the motivational process of non-teaching and teaching staff in vocational training centers
2	Basic Psychological Needs	Amy Manley	Evaluating the basic psychological needs and extrinsic motivations of consumers for sustainable clothing purchases
3	Basic Psychological Needs	Anjelica Martinez	Associations between perceived family-endorsed gendered culture scripts and basic psychological needs frustration in Latina-Americans
4	Basic Psychological Needs	Anne-Catherine Gauthier-Lamer	Perceived parental autonomy support as a correlate of brain global functioning
5	Basic Psychological Needs	Anouk Lepinoy	Emergency remote teaching, students' motivation and satisfaction of their basic psychological needs in higher education
6	Basic Psychological Needs	Ashton Sheaves	Predicting perceived self-determination in a sample of intellectually disabled adults living in long-term care facilities
7	Basic Psychological Needs	Daniel Agate	The mediating role of need frustration between COVID-19 distress and psychopathology in college students: Present and future concerns
8	Basic Psychological Needs	Edward Silber	Motivation and Mental Health: Testing an Integrated Model of Basic Psychological Needs Theory and Reinforcement Sensitivity Theory
9	Basic Psychological Needs	Eline Heppe	My eyes and ears: Is the support from the national Support Services Deaf blindness need-supportive?
10	Basic Psychological Needs	Elis Beatriz Lima Falcão	Engagement and Basic Psychological Needs of Elementary School Students in the Context of the Covid-19 Pandemic
11	Basic Psychological Needs	Jérémy THOMAS	Advancing the conceptualization and measurement of psychological need states in education settings: The unique role of psychological need unfulfillment

8th International Self-Determination Theory Conference

12	Basic Psychological Needs	Jakob Gowell	Doubt Validation as a Candidate Form of Basic Psychological Need Satisfaction
13	Development and Parenting	Adi Arden	Psychological Need-Based Experiences as Energizing Processes for Mothers' Identity Formation
14	Development and Parenting	Anna Cavenaghi	Links between mothers' and fathers' autonomy support and adolescents' impulsivity and emotional dysregulation
15	Development and Parenting	Aranza Lira	Parenting styles as mediators between neighborhood safety, well-being, and interpersonal outcomes in a Peruvian sample of adolescents from a low socioeconomic, highly dangerous neighborhood in Lima, Peru
16	Development and Parenting	Charlotte Longpré	Parenting goals in the control domain of socialization
17	Development and Parenting	Emma Laflamme	Prospective associations between infant extraversion/surgency and paternal autonomy-supportive behaviors
18	Development and Parenting	Guillaume Bouffard	Bidirectionality between parental need supporting and thwarting behaviors and children symptoms of inattention-hyperactivity
19	Development and Parenting	Hagar Dayan Pinus	Mother's Prenatal Beliefs Regarding the Nature of Children's Development and its Association with Child Noncompliance: the Mediation Role of Controlling Parenting
20	Development and Parenting	Jiseul (Sophia) Ahn	Motivational resources of youth's agentic functioning in career decision-making processes: Autonomy matters
21	Development and Parenting	Juliette Laurendeau-Martin	The How-to Parenting Program: A randomized controlled trial evaluating its impact on parental psychological adjustment difficulties
22	Health/Health Care	Alexandra Haenen	Self-determination and epilepsy: an in-depth account of the experiences of individuals with mild intellectual disabilities and epilepsy
23	Health/Health Care	Anick Sauvageau	How Recovery Colleges contribute to self-determination?: A qualitative study for expanding the horizons of self-determination theory in mental health

8th International Self-Determination Theory Conference

24	Health/Health Care	Aurora Newman	Needs support in Veteran Affairs care for chronic pain and posttraumatic stress disorder: A self-determination theory perspective
25	Health/Health Care	Eric Karaoylas	A Self-Determination Theory Perspective on Motivational Interviewing for Emerging Adults Who Use Cannabis
26	Health/Health Care	Jean-François Gagnon	The mediating role of autonomous motivation in the relationships between supportive supervisor and coworker behaviors and nurses' job functioning
27	Health/Health Care	Laura Hesters	Understanding students' healthcare (de)motivating self-management support
28	Health/Health Care	Mary Soliman	Examining the Motivation of Robotic Surgeons Through the Lens of Self Determination
29	Health/Health Care	Rebecca Brand	How to Improve Mothers' Postpartum Well-being? Meet Their Basic Psychological Needs During Childbirth
30	Education	Anas Alhudib	Investigating the Psychological Needs of International Graduate Students
31	Education	Arne Bouten	How does burnout affect teachers' (de)motivating teaching style? A fine-grained, longitudinal study.
32	Education	Audrey-Anne de Guise	Training for physical education teachers "Learn to motivate"
33	Education	Bruno Remolif	Development and validation of a new instrument of teachers' motivational climate
34	Education	Cederrall Petties	Association among select conditions for learning at the school level, academic attainment, and academic growth in reading
35	Education	Chantal Vankan	Intercultural Motivational Teaching Styles in an At-Risk Primary School in the Netherlands
36	Education	Christopher Mitchell	Using Barbershop Talks to Support the Psychological Needs of Black Males Attending Predominantly White Institutions
37	Education	Cléo Thibert-Dagenais	A multi-informant perspective on maternal and paternal structure: Predicting academic adjustment and achievement during the postsecondary transition.

8th International Self-Determination Theory Conference

38	Education	Dainora Daugvilaite	Online piano lessons with young students: a mixed-methods approach
39	Education	Don Berg	Schooling for Holistic Equity
40	Education	Hannah Parker	Beyond Student Choice: A Case Study of Autonomy Supportive Instructional Behaviors in SBAE Programs
41	Intrinsic Motivation	Aur�lie Thuot-Jolicoeur	The Why of Civic and Non-Civic Activities in Youth: Autonomous Motivation for Civic Activities Contribute the Most to a Better Psychological Functioning
42	Intrinsic Motivation	Camille Gagnon-B�land	Psychological Ill-Being Profiles Among Nurses: Association with Intrinsic Motivation
43	Intrinsic Motivation	Daisy Pelletier	Concurrent contributions of teachers, parents, and friends to reading-related variables in a recreational context
44	Intrinsic Motivation	Gabrielle Gagnon	The Effects of Threat Perception on Motivation in Racial Minorities
45	Intrinsic Motivation	Jon Borland	The Relationship of Professional School Counselors' Self-Efficacy and Motivation to Their Counseling Service Delivery
46	Intrinsic Motivation	Revital Skuri	Latent Profiles of Autonomous and Controlled Motivation for Teaching
47	Intrinsic Motivation	Svea Isabel Kleinert	Enhancing students' intrinsic motivation by using digital incremental scaffolds during experimentation in biology class
48	Intrinsic Motivation	Xuanxuan Wu	Resistance to negative peer pressure among Chinese youth: The roles of inherent values demonstration, intrinsic values, and authentic inner compass
49	Well-being and Eudaimonia	Annie Guillemette	Profiles of Eudaimonic Well-Being Integrating Self-Determination Theory and Ryff's Psychological Well-Being
50	Well-being and Eudaimonia	Betsy Ng	Exploring the Relationships between Perceived Teachers' Autonomy Support and Social-Emotional Well-being: A Self-Determination Theory's Perspective
51	Internalization and Self-Regulation	Otis Geddes	A Systematic Review of Profile Analyses of Intrinsic and Extrinsic Motivation
52	Internalization and Self-Regulation	Rick LaCaille	Validation of the Treatment Self-Regulation Questionnaire for Weight-Related Behaviors

8th International Self-Determination Theory Conference

53	Relationships	Alexandra Cournoyer	Hedonic and Eudemonic Well-Being During the Transition to Parenthood: A Self-Determination Perspective
54	Relationships	Maria Stepanyan	Examining Quality of Friendship and Well-Being through a Self-Determination Theory Framework: A Mixed Method Approach
55	Social Issues	Riley Page	Comparing Internally and Externally Motivating Diversity Messages: What Works Best for Whom?
56	Mindfulness	Erin Sappio	Experiences of Engaging in Contemplative-Reflexive Practices During Practicum
57	Education	Massia Bailey & John Carlo Tulinao	Developing Self-Determination Through a STEM Project-Based Learning with Integrated Elements of Systems Thinking Model in an After-school Program

8th International Self-Determination Theory Conference

Thursday, June 1, 2023

Session 2 12:45 – 2:30 PM

BOARD#	TOPIC AREA	PRESENTER NAME	TITLE
1	Basic Psychological Needs	Karla Rodriguez	Autonomy support and the revelation of sexual orientation: The experience of coming-out in Lima (Peru)
2	Basic Psychological Needs	Katarzyna Tabiś	The Role of Basic Psychological Needs for Self-Care of Sobering Addicts
3	Basic Psychological Needs	Laurie Décarpentrie	The effect of extracurricular activities on the satisfaction and frustration of basic psychological needs of youth: views from Madagascar
4	Basic Psychological Needs	Lindsay Browne	LGB Identity Specific Needs Satisfaction and Frustration
5	Basic Psychological Needs	Louise Clément	Toward a Better Understanding of Students' Motivation: The Importance of the Relational Climate
6	Basic Psychological Needs	Lucas Temming	General Music Ed. and Basic Psychology Needs: Predicting Teaching Styles in a German Sample
7	Basic Psychological Needs	Maxime Mastagli	How to improve information processing efficiency? Highlighting the competence-supporting feedbacks benefits versus competence-thwarting feedbacks drawbacks
8	Basic Psychological Needs	Merit Morikawa	Identifying basic psychological need satisfaction subgroups among Finnish workers: A longitudinal study with implications to occupational well-being
9	Basic Psychological Needs	Nadine Grossmann	Developing and testing a questionnaire to assess students' autonomy need strength
10	Basic Psychological Needs	Nicholas Matherne	Serious Leisure's Satisfaction of Basic Psychological Needs in Music
11	Basic Psychological Needs	Nicholas Palumbo	Authentic Followership and Basic Psychological Needs: The Differential Mediation Effects of Life Satisfaction on Adolescent Followership
12	Development and Parenting	Mélanie Bourret	Dynamics of Parent-Adolescent Interactions During a Discussion on Career Choice: The Role of Parental Behaviors and Emotions

8th International Self-Determination Theory Conference

13	Development and Parenting	Mérodie Roy	The Role of Change-Oriented Feedback in Promoting Adolescent Psychological Health
14	Development and Parenting	Megan Dunn	A longitudinal examination of the effects of three types of parental support - autonomy support, social support, and instrumental support - on mental health outcomes of sexual minority individuals
15	Development and Parenting	Rinat Cohen	Bedouin Mothers' Sense of Authentic Inner Compass as a Parenting Resource: Relations with Need-supporting Parenting and Adolescents' Well-being
16	Development and Parenting	Stéphane Duchesne (Presented by Geneviève Boisclair-Châteauever)	Effects of an Online Intervention on Mothers' Parenting Behaviors and their Child's Motivational Resources
17	Development and Parenting	Su Ying Huang	The Stability of Mastery Motivation and the Effects of Parental Autonomy Support for Children Receiving Early Intervention Services
18	Development and Parenting	Valexie Lafontaine	An Implementation Fidelity Assessment of the How-to Parenting Program
19	Development and Parenting	Yael Zaidman	Maternal autonomy support and control when setting emotion goals to children: Differential effects on children's internalization of the goals and their social behavior
20	Psychological Health and Well-Being	Arianne Malboeuf	How do supportive supervisor behaviors relate to employee job satisfaction? On the distinct mediating role of psychological needs
21	Psychological Health and Well-Being	Dakota Leget	The Role of Psychological Needs and Motivation in Internalized Weight Stigma
22	Psychological Health and Well-Being	Khadidja Chougui	Adolescents' well-being following a knee pathology: A longitudinal study on perceived autonomy support
23	Psychological Health and Well-Being	Lauren Lewis	Expanding the dualistic model of passion to better understand problem drinking: A mediation model
24	Psychological Health and Well-Being	Laurence Bélanger-Trudelle	New mothers' subjective well-being when returning to work following a 1-year parental leave: The role of partner autonomy support
25	Psychological Health and Well-Being	Michal Kaplan	Perceptions of the learning climate in medical school as predictors of students' need satisfaction/frustration, autonomous/controlled

8th International Self-Determination Theory Conference

			motivation, and well/ill-being: The two motivational paths of students' functioning
26	Psychotherapy and Counseling	Brady Eisert	Development of the Self-Determined Motivations for Couples Therapy Scale
27	Psychotherapy and Counseling	Jared Anderson	Factors Associated with Self-Determined Motivations for Couples Therapy
28	Psychotherapy and Counseling	Sabina Kef	Autonomy support for youngsters with special needs: a (long) way to go
29	Education	Karin Marianne Lilius	The basic psychological needs impact on a competency orientated physics/chemistry teachers education
30	Education	Leon Ebel (Presented by Barbara Otto)	Good Teacher, Bad Teacher - Predictors of Teachers' Autonomy Promotion
31	Education	Lisa-Maria Kaiser	Motivational profiles of German upper secondary students regarding biology and a respective comparison regarding students' basic need satisfaction, perceived pressure, and interest
32	Education	Lisette Wijnia	The Association of Motivational Profiles with Affect, Engagement, and Achievement in a Problem-Based Bachelor's Program
33	Education	Marion Petipré	Parents' family motivations as explanatory mechanisms for why parental need support facilitates youth adjustment in school
34	Education	Milam Chon	Do Instructors Conditional Negative Regard Matter on Undergraduate Students Quality Learning Experience?
35	Education	Minna Majuri	Mental health competence in occupational health physicians training program in Finland
36	Education	Molly Metz	Need-Supportive Teaching Practices as a Pathway to University Student Engagement During the COVID-19 Pandemic
37	Education	Nadia Leroy	Need-supportive behavior as reported by teacher vs. need-supportive behavior as perceived by students: does the congruence matter? - A Multilevel Response Surface Analytical Approach

8th International Self-Determination Theory Conference

38	Education	Noam Yitshaki	A Self-Determination Approach to Social Emotional Learning: Supporting Students' Needs as an Essential Foundation for the Cultivation of Socio-Emotional Skills & Growth
39	Education	Rodriguez Sam	Examining the Lived Experiences of California Hispanic Agriculture Teachers
40	Education	Rui Dai	Examine the relationship between opportunities to make choices and students' academic engagement
41	Work and Organizations	Andrea Koc	Motivating and Demotivating Leadership (autonomy support and chaotic), basic psychological needs, engagement and burnout in Peruvian teachers
42	Work and Organizations	Anne-Sophie Huppé	Perceiving autonomy support from supervisors influences mothers' sense of thriving when returning to work after their first parental leave: A preliminary study
43	Work and Organizations	Baptiste Marescaux	Needs reshaping work: The conceptualization and measurement of work-related need crafting
44	Work and Organizations	Darrell (Clinton) Kehr	A Hermeneutic Phenomenology Study Defining Workplace Dignity
45	Work and Organizations	Elizabeth Lazzara (Presented by Christina Frederick)	Development and Validation of a Team Motivation Scale
46	Work and Organizations	Gisela Reefman	The amotivation of line managers to perform HR tasks by absenteeism due to labor conflict.
47	Work and Organizations	Jennifer Phillips	Designing with SDT to Promote Knowledge Sharing in Virtual Learning Communities
48	Work and Organizations	Kayla Zilke	Examining Demographic Moderators of the Relationship Between Diversity, Equity, and Inclusion (DEI) Culture and Basic Psychological Need Satisfaction
49	Work and Organizations	Kristin Hjelmtvedt Holtan	The bright and dark motivational path to nurses' work functioning and well-being.
50	Work and Organizations	Marie-Michele Roy	Examining work characteristics of principals and assistant principals with job attitudes: The mediating role of need satisfaction and need frustration

8th International Self-Determination Theory Conference

51	Work and Organizations	Merja Luostarinen	Novel aspects in facilitating self-determination in a self-managing organisation
52	Work and Organizations	Romane Masson	Psychological needs sacrifice: A motivational analysis of work-family conflicts among passionate workers
53	Work and Organizations	Simon Grenier	The role of military students' motivation and efficacy to promote leader identity
54	Mindfulness	Vicki Lavendol	Self-Determination Theory and Mindful Practices Pilot to Reduce Job Stress and Turnover
55	Other	Claudia Hargreaves	How does motivation affect eHealth behaviour
56	Other	Frances Vereijken	The challenges experienced by parents in providing an autonomy supportive environment for their offspring with intellectual disabilities during transitions
57	Other	Matilda Owusu-Ansah	Motivations for Individual Giving Among Ghanaians
58	Technology	Maarit Malin	The SDT-based smoking cessation (mCessation) application complementing smoking cessation services among occupational health services (OHS)

8th International Self-Determination Theory Conference

Friday, June 2, 2023

Session 3 12:45 – 2:30 PM

BOARD#	TOPIC AREA	PRESENTER NAME	TITLE
1	Basic Psychological Needs	François Vogt	Is autonomy a basic need? Looking for evidence of autonomy acting as a reward
2	Basic Psychological Needs	Norah Aldharman	Saudi women's motivations to drive
3	Basic Psychological Needs	Pála Kúld	Promoting self-determination of persons with severe or profound intellectual disabilities: A systematic review and meta-analysis of intervention studies
4	Basic Psychological Needs	Regina Benchetrit	The LD student is still in me - Students with learning disorders' choice to become teachers - An autonomous choice?
5	Basic Psychological Needs	Rose Varin	The association between parents' self-compassion, children's temperamental negative emotionality, and parental autonomy support
6	Basic Psychological Needs	Shunsuke Kamemoto	The combined effect of autonomy support by teachers and parents on students' motivation for learning English
7	Basic Psychological Needs	Tim Kirchhoff	Development of a German Short Scale to Assess Students' Perceived Competence during Experimentation
8	Basic Psychological Needs	Uibin Lee	Self-control partially mediates the relation between need frustration and problem drinking: A path model.
9	Basic Psychological Needs	Vibeke Kranstad	Dental anxiety patients' experiences of Basic Psychological Need Satisfaction after treatment in Interdisciplinary treatment teams. A qualitative study.
10	Basic Psychological Needs	Xiaoyan Fang	The depth of stories: How Black young adults' disclosure of high arousal negative affect in narratives about the COVID, 2019 pandemic and the BLM protests improved adjustment over the year 2020
11	Basic Psychological Needs	Yunxiang Chen	Self-determination Theory in Social Networks: Relatedness Frustration, Cognitive/Emotional Outcomes, and Psychological Mechanisms

8th International Self-Determination Theory Conference

12	Basic Psychological Needs	Zhen-You Hong	Specific-cognitive PETTLEP imagery intervention on need satisfaction, motivation and performance: A single subjective design approach
13	Basic Psychological Needs	Ziyi HE	Co-Developmental Trajectories of Chinese University Freshmen's Need Satisfaction and Frustration: Associations with Parenting, Personalities, and Well-Being Outcomes
14	Cross Culture	Sophie Lelievre-Blais	Does cultural hierarchy moderate associations between parental autonomy support and child psychosocial adjustment?
15	Emotions and Emotion Regulation	Justine Goulet	Mindfulness as a predictor of the use of integrative emotional regulation in primiparous parents: A daily and dyadic study
16	Emotions and Emotion Regulation	Maria Gracia Minuche Cobos	A sun is to its sunflower as need satisfaction and integrative regulation are to mental health: Key characteristics of memories of major life events associated with depression, anxiety, and eudemonic well-being
17	Emotions and Emotion Regulation	Nitzan Scharf	Integration of Emotional Experiences as Antecedent of Flexible Emotion Regulation
18	Emotions and Emotion Regulation	Ophélie Dassylva	Emotional regulation predicts changes in biomarkers of stress and depressive symptoms during COVID-19 pandemic
19	Emotions and Emotion Regulation	Shahar Nudler Muzikant	The Effect of Integrative Emotion Regulation vs. Reappraisal on Goal Pursuit: A Daily Diary Study
20	Emotions and Emotion Regulation	Tal Levkovitz	Two Dimensions of Emotional Integration and their Association with Wellbeing
21	Emotions and Emotion Regulation	Yael Ostricher	Empathize with the Enemy: Emotion Regulation and Support for Conciliatory Policies in Intractable Conflicts
22	Goals, Values, and Aspirations	Andrew Napier	Life crafting as a way to foster basic psychological needs: Developing a self-determination-theory-informed well-being program
23	Goals, Values, and Aspirations	Élodie Audet	A Remarkable Alliance: Sibling Autonomy Support and Goal Progress in Emerging Adulthood
24	Goals, Values, and Aspirations	Isabelle Leduc-Cummings	Does Motivation Moderate the Relationship Between Depressive Symptoms and Goal Progress?

8th International Self-Determination Theory Conference

25	Goals, Values, and Aspirations	Kelly Ferber	Aspiration Orientations Across Time: Do childhood aspirations predict mid-life aspirations and well-being?
26	Goals, Values, and Aspirations	Tyler Thorne	The Perceived Goal Difficulty - Achievement Paradox: The Role of Goal Competence
27	Education	Samantha Vos	The relationship between formative strategy use & motivational profiles
28	Education	Saulė Raižienė	Exploring the Circumplex model of (de)motivating teaching styles: the moderating role of mindfulness
29	Education	Sonja Kirsten LaPaglia	Differentiating Motivations in Undergraduate College Science Students by STEM Career Orientation
30	Education	Sook Kuan Chau	Supporting the psychological needs of low-performing students in Chinese language
31	Education	Stephen Tonks	Encouraging Persistence in Adult Learners by using the “Hot Air Balloon for Motivation”
32	Education	Torben Kirk Lehnskov	Testing a two track intervention to foster need-support and need crafting in a hospital department
33	Education	Tori Shmon	Improving medical student well-being through mentorship: A Self-Determination Theory Approach
34	Education	Wendy Grolnick	Misconceptions about Motivation
35	Education	Yolanda Prevost	"Situations in the Clinical Learning Environment": An instrument to assess the tutor motivational style with a circumplex approach
36	Education	Yongju Hwang	Efficacy of need-supportive instruction on performance, motivation, and affect: Randomized Controlled Trial
37	Education	Yoshimi Fujiwara	The factor to improve autonomy
38	Environment (Sustainability) and Nature	Ariane Gauthier	Using Self-Determination Theory as a new approach to explore the interconnectedness of ecological eating, environmental behaviours, and eating behaviours
39	Environment (Sustainability) and Nature	Donna McMillan	Psychological Needs Met in Satisfying Nature Experiences
40	Environment (Sustainability) and Nature	Kelly Glarner	How the motivation toward environment at contextual and situational levels is related to the frequency, the perceived

8th International Self-Determination Theory Conference

			difficulty of pro-environmental behaviors, and the self-protective strategies used?
41	Environment (Sustainability) and Nature	Sabrina Francescangeli	The Impact of Nature Immersion on Valuing Intrinsic vs. Extrinsic Goals: The Role of the Organismic Valuing Process
42	Sport, Exercise, and Physical Activity	Emilie Lemelin	Autonomy Support in Sport Contexts: The Role of Parents and Coaches in the Promotion of Athlete Well-Being and Performance
43	Sport, Exercise, and Physical Activity	Hiroshi Matsumoto	Motivational profiles and exercise behavior change in young Japanese women
44	Sport, Exercise, and Physical Activity	J. Paige Pope	Testing the Psychometric Properties of the Motives for Managing Sedentary Behaviour - Older Adult (MMSB-OA) Instrument
45	Sport, Exercise, and Physical Activity	Melina Puolamäki	Improving motivational interaction styles of physical activity promotion and sports professionals: a feasibility study
46	Sport, Exercise, and Physical Activity	Natalie Hopkins	Motivational profiles and physical activity behaviour: A systematic review
47	Vitality and Energy	Christina Frederick	Vitality and Indoor Spaces: How Interior Spaces Affect Well-Being
48	Virtual Environments and Video Games	Lowie Bradt	There is more to parental mediation of adolescent gaming behavior than restriction: Developing a differentiated measure for need-supportive & need-thwarting mediation practices in gaming
49	Virtual Environments and Video Games	Marlies Van de Castele	Can adolescents satisfy their basic psychological needs online through social media use? Examining the interactive interplay between online and offline basic psychological need experiences
50	Non-conscious Processes and Priming	Bob Hagin	Emerging Capacity: A Longitudinal Perspective and Methodology to Examine Individual Capacity
51	Philosophy & Meta-Psychology	Sieun Park	Kant and Self-determination Theory: Aesthetic Pleasure and Autonomy Satisfaction
52	Psychopathology	Helen Thai	Self-Determination Theory in Treatment Studies of Schizophrenia: A scoping review
53	Religion and Spirituality	Madison Burt	Examining the link between religious internalization and prosocial behavior
